

Now in their 5th year, we are inviting nominations for the
NFTMO Awards for Achievement in the TMO sector

Nominations must be in by Monday May 15th and the Awards will be presented to the winners during a Gala dinner at the NFTMO Annual Conference on June 10th.

TMOs can nominate themselves as long as the nomination is endorsed by a third party.
Landlord organisations can also nominate TMOs who manage their homes.
Nominations can be made in any of the following categories:

For Outstanding Housing Management Performance

Nominees will be expected to evidence outstanding performance in one or more housing management functions in comparison with other TMOs and/or the landlord and/or best performing social housing.

Supporting the Community & Going the Extra Mile

Nominees will be expected to demonstrate good practice in activities such as: enabling or encouraging the participation of people living in the TMO area; providing support to particular groups within the community; bringing the community together and/or just going that little bit further than usual or expected to improve the quality of life for local people.

For Outstanding Work With Young People

Nominees will be expected to demonstrate success and good practice in their work to engage with children and/or young people in the TMO area.

For Effective Partnership Working

Nominees will be expected to evidence how the TMO has worked with a partner organisation or organisations in an effective way to improve services, provide innovative solutions or achieve more for the community generally.

For Impressive Support to TMOs

Nominees will be expected to demonstrate that they offer positive support to TMOs. This may be as a landlord supporting TMOs that manage their housing stock. Alternatively, it may be as an advisor, a trainer or key partner.

To an Individual for Being a Good Neighbour

Nominations are invited, from TMOs, of individuals living within their communities who have been outstanding in their voluntary efforts on behalf of neighbours and other residents.
